

LPC Liver protector

Helps to detoxify the organism

Provides energy and vitality, maintains general wellbeing

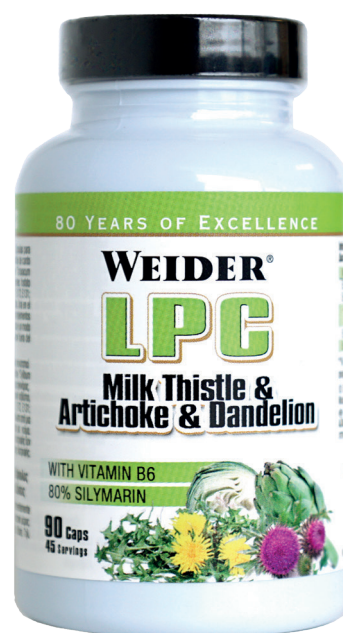

Helps improve intestinal movement

Capsules containing milk thistle (40% silymarin), dandelion, artichoke and vitamin B6.

Product characteristics:

- **Milk thistle (40% silymarin):** with anti-oxidizing power to protect against the action of free radicals produced by stress, alcohol, exposure to UV rays, or pollution. Increases the body's physiological resistance to severe environmental conditions. Ensures good liver health, assists in good digestion and helps to improve the detoxifying power of the liver.
- **Dandelion:** like milk thistle, it has anti-oxidizing powers and helps improve the detoxifying power of the liver, aiding digestive secretion and gastrointestinal movement.
- **Artichoke:** Diuretic and lipotropic (fat-burning) properties, traditionally used as a stimulant for the manufacture and release of bile, due to the presence of cynarine. Improves symptoms associated with problems of the digestive tract, liver and bile. Also improves kidney function, promoting the body's elimination functions.
- **Vitamin B6:** Needed to maintain energy and vitality, and good health, essential for energy metabolism.

Ingredients: Extract of milk thistle (*Silbum marianum*) (80% silymarin), extract of dandelion (*Taraxacum officinale*), extract of artichoke (*Cynara scolymus*), gelatin, anti-caking agents: tricalcium phosphate, magnesium salts of fatty acids, silicon dioxide, colorings: E171, E172, E131, vitamin B6 (pyridoxine hydrochloride).
